LEMON GROVE REVIEW

Vol. 10; No. 14 — LEMON GROVE, CALIFORNIA — THURSDAY, NOVEMBER 21, 1957 — 10¢ PER COPY

The Dimmer VIEW

By MAX GOODWIN

We recently had a chance to view, first hand, pay-as-you go television and I must admit, we were impressed.

I had read so much about the drawbacks of the pay variety that my imagination had built it into a mental ogre which would change my way of life. It may do this in the realm of expression and arts, but I think the change will be for the better. I do not believe the right of free speech will be abridged any more by the pay plan than it is presently by the free variety. Few viewers would pay to hear a political speech, or a talk on the sex life of an amoeba, so these programs will continue to come free.

As much as anything the viewer will be paying to escape these dreary programs and tedious commercials. Thus freedom of the ears will be abetted and freedom of speech will not suffer awhit.

Toll television, as sponsors called it when they had a demonstration for the press in North Clairemont recently, is a box not unlike a table radio. The box does three things for you. First, it serves as a "barker" which gives a spiel on coming events and how much you'll have to pay for them. This is a free service and is continuous. Second, it is a piggy-bank for your television doll. Example! a movie tonight is 90c. You have two half dollars. Drop 'em in. You'll get the movie and a 10c credit. This is registered on the front of the box where the status of your cash account will always be shown. Third, it selects one of two otherwise blacked-out television programs which are piped to the box via coaxial cable. The program is then seen and heard through your regular television set on a local, unused channel. Usually, say the sponsors, there'll be a choice of two programs. Color movies will come through as color if your teevee is a color set.

The sponsors have worked out a pretty cute gimmick which is controlled remotely. Suppose "Around the World in 80 Days" is the feature and you can see it in the afternoon for $1.50 but the evening price is $2.40. A sharp operator would assume that by dropping $1.50 in the box and not turning it on until evening he is going in at the bargain matinee price because the running time is the same. This is not possible. An electronic message is sent to your pay-box and it cuts you off from the coaxial cable after $1.50 worth of your 2.40 is used up. Bear in mind that there may be thousands of these devices turned on so the electrons must seek out the cheaters, turn off their sets, leaving the others on.

You may switch back and forth from your pay program to the free kind at will. If there is a pay-movie showing, you may switch to your favorite free program and later in the evening return to the pay-movie. The movie, I am told, will be continuous and you may have to see part of it over again, or by estimating the length of the show you may wait until it picks up where you left off to go to conventional teevee. As one of the public relation men

(Continued on Page 6)

STAR DUST — Fifteen year old Lynn Peak, daughter of Mr. and Mrs. Irvin Peak of 3349 Central Avenue, Spring Valley, who recently "threw her crown in the ring", for Queen of the North Park Toyland Parade is still in the race. Lynn is the only candidate from the Spring Valley area. The Toyland Parade is scheduled for December 8.
A sophomore at Mt. Miguel High School, Lynn is native of Mongomery, Alabama. She, her parents, a brother and sister have lived in Spring Valley a little over one month.
Lynn Peak's picture and collection boxes have been placed in the different business houses of Spring Valley and Lemon Grove. For each cent donated she receives one vote.

Matadors Take District Title 33-26 Over E.C.

by Jerry Wingo

Mt. Miguel High Matadors became champs last Friday, night at Aztec Bowl by downing the El Cajon Braves, 33-26.

For the first half, it was Miguel's time to have fun as they scored 12 and 21 points in the first and second quarters.

Although not quite enough, the Braves scored 26 points in the last quarter.

The Bullfighters had what I call championship material and proved it by beating such outfits as Helix, Grossmont, Mar Vista, and El Cajon twice.

And so as the first season closes we find the Mt. Miguel Matadors as champs of the Grossmont Union High School District.

$25,000 Suit Filed In Little League Accident

The parents of eleven-year-old Robert Wilber Jr., 2749 Imperial Avenue, Lemon Grove, filed a $25,000 damage suit last week in Superior Court against the Lemon Grove Little League.

Suit was for injuries sustained by the son of Mr. and Mrs. Robert Wilber, June 15, when he fell off a fence while acting as scorekeeper. He suffered a ruptured spleen and a fractured rib.

The youth is back in school, his mother said Tuesday. The suit, she said, had no reflection on the fine work being done by the Little League. The suit was necessary to recover on damages resulting from the accident, she said.

Carmen Ursillo, president of Lemon Grove's Little League said that the local club would not suffer a financial loss. Two insurance firms are being named as co-defendants in the suit which he said was filed to determine which firm would take the responsibility.

Acreage Near Shopping Center To Go Under The Hammer Friday

Public auction of 7 plus acres of Division of Highways property will be held at 11 a. m. Friday at the west side of the property on which the College Grove Shopping Center is scheduled to be built. Minimum bid tag of $100,000 has been set by the Division.

The property runs 600 feet along a city of San Diego proposed street. It lies west of College Avenue. Connections with the freeway have already been budgeted.

George Scott, developer of the College Center said that the property would round out the holdings of his development and that he intended to acquire it if possible. Several oil and gas distributors are known to be interested in the property also.

Jaycees To Spark Broadway Project

The Lemon Grove Jr. Chamber of Commerce Tuesday night voted to take on as a community project the improvement of Broadway, acording to John Englestad, club president.

A Jayce group will attempt to get at least 60% of Broadway property owners to agree on one of two plans the County Road Department said they would install. One plan, a county standard road, would have an 18 foot wide island down the center.

An alternate, agreeable to the county if a majority of the property owners so indicate, would have a two-foot painted stripe down the middle of the road with the 16 feet thus saved becoming parking at the outside edge of the road. Property owners would supply customer parking in either instance.

Part Interest Sold In Michael's

Joseph Papitto and Ray Johnston, co-owners of the Aztec Fence Company at 47th and Imperial, have become co-owners of Michael's in Lemon Grove it was announced this week by Henry and Estelle Goldy, cafe owners.

Henry Goldy said that the restaurant would get a face-lifting starting immediately. Many innovations would be undertaken, he said.

Until this week Mr. and Mrs. Goldy were sole stockholders in the corporation. Papitto and Johnston will continue to operate the fence firm.

Woman's Club To Toast Past Prexys

Past presidents of the Lemon Grove Woman's Club will be honored at a brunch on December 6 at 10 a. m. in the clubhouse.

Honored at this time will be: Mrs. C. H. Shellbach, founder and first president; Mmes J. William Fisher, Arthur Provost, F. B. Wright, L. D. Newton, M. A. Beddoe, Wm. P. Donovan, J. E. Sonka, Wm. A. Massey, H. Irving Vernier, George B. Loveday, O. B. Oberlitner, E. F. Barker, Ted Haaf, Charles W. Brown, David Hentigan, Hal Crow, Fred Scheneman.

Arranging the brunch are Mrs. Marie Howell and Mrs. Frank Eldridge assisted by Mrs. Walter Shimp and committee. Mrs. Edwin Koester is in charge of floral decorations.

Dr. Lande Elected President Of Helix Hi-12 Club

Mt. Helix High-12 Club, a Masonic organization, last week elected officers for 1958 at the regular luncheon meeting at Michael's.

Dr. Lynn Lande, 9580 Alto Dr., Mt. Helix, was elected president. Bud Morris, 5170 Marlen, La Mesa was named vice president.

Other officers included Barney Madden, 638 Sunshine, El Cajon, second vice president; Dr. Calvin Nicholl, 7485 San Miguel, Lemon Grove, third vice president; Max Goodwin, 2910 Buena Vista Ave., Lemon Grove, secretary-treasurer; Walter Martel, 4603 Date Avenue, La Mesa, Sgt.-at-Arms and International H-12 representative.

Dr. Harmon Smith of La Mesa is retiring president.

D.A. To Be L.G. Optimist Speaker

Don Keller, District Attorney for the County of San Diego, will be speaker at the first official dinner meeting of the Lemon Grove Optimist Club.

Meeting will be held at Venezia at 7:30 p. m. November 21.

Don Wenzel is president. Bill Vandenberg is vice president and program chairman.

COLLEGE DISTRICT MEETING CALLED

A meeting of all school officials in the Grossmont area has been called by the Grossmont High Board November 26 to consider the proposed formation of a junior college district for the Grossmont area.

"The meeting with the elementary boards should be held because the position of the elementary boards can be an important factor in an election," said Carl Quicksall, attending the meeting as an interested citizen. Arch Gerard, chairman of the Grossmont Citizens Advisory Committee, suggested that immediate action by the board requesting permission to hold an election was appropriate in view of the favorable survey report by the state department of education and the priority given by elementary boards last spring to the junior college problem.

The meeting with the elementary boards was also supported by Supt. Lewis Smith and Jack Wilson, chairman of the Citizens Advisory Community College Committee. Wilson suggested that the name, "Community College" was more appropriate than "Junior College" because the program is not remedial and is conducted on a college rather than high school level. He also urged consideration of initial operation on an extended day basis which would have the effect of postponing a bond election for college construction and reduce the tax increase required from 38 cents to 14 cents.

Superintendent Smith also suggested that the state should provide more financial support for the community college program for both operation and capital outlay. Legislation introduced by Assemblyman Hegland to provide this support was lost in committee in the legislature last spring.

The functions performed by a junior or community college were outlined in a report prepared by George Dotson, Asst. Supt., Long Beach Unified School District as follows:

THE TRANSFER FUNCTION

The significance of the "transfer function" in California's junior college is indicated by the great dependence which its colleges and universities place upon the junior colleges as sources of students. Those high school graduates who are qualified for regular admission to colleges and universities, enroll in "university parallel" courses in junior colleges and transfer freely without loss of credit when they have completed one or two years of work.

Many students, however, enter junior college with scholarship

(Continued on Page 6)

Prize Planned For Naming Parade

The annual Swimming Pool Association parade, scheduled tentatively for next May is in need of a name. The Association certificate would be given to the said this week that a $10 gift Lemon Grove school youngster who suggests the name chosen for the parade.

To compete, the youngster should write his entry on the back of a post card and mail it to Swimming Pool Parade Contest, box 315, Lemon Grove. The contestant's name should also be on the card. Contest ends December 15.

Winner will be announced in this newspaper and prize will be given in time to use it for Christmas.

Dr. Robert Burns is president of the Association.

EARLIER DEADLINE!

The Lemon Grove REVIEW will be delivered Wednesday next week so that readers may enjoy it on Thanksgiving. This means that clubs, groups and organizations which usually supply material to the newspaper will need to get it in earlier.

Deadline of Monday noon has been set for next week only. Remind yourself to start those club items a day earlier, get them in by noon on Monday, relax and enjoy a Happy Thanksgiving.

BOOSTERS TO SET 'OPEN HOURS' THURSDAY

Lemon Grove Boosters will meet Thursday (November 21) at Venezia at noon to discuss store open hours and Christmas decorations for the Lemon Grove business community.

Pretty Sherry Turner, a junior at El Cajon Valley High School, is Cinderella Princess for El Cajon's Mother Goose Parade, scheduled Sunday at 2 p.m. More than 50 floats based on nursery rhymes or favorite childhood stories, 24 bands, scores of marching units and horsemen and many dignitaries will take part. Grand Marshal will be Johnny Washbrook, young star of the TV series, "My Friend Flicka."

Local Units Set For 'Mother Goose' Parade

Units from Lemon Grove which will participate in the El Cajon Mother Goose Parade Sunday include: Mt. Miguel High School band, Lemon Grove Junior High band, Mt. Miguel Pompon and flag Corps, LG Majorettes, Lemon Grove Pom-pon Corps, and Evelyn Wigton Apparel Shops float "Legend of the Flying Dutchman."

Fifty floats and 24 bands will be included in the 2-hour long parade which gets rolling at 2 p. m.

Governor Goodwin J. Knight is parade marshal. Miss California, Miss San Diego, Smokey Rogers, Monte Hall and Johnny Washbrook (My Friend Flicka) will also be in the procession.

GROVE SEEN AS FIRST TO REACH U.F. GOAL

Lemon Grove will probably be the first area to reach its quota in the Heartland region United Fund residential drive, Rabbi Morton J. Cohn, chairman of the $4½ million drive said Wednesday.

According to United Fund headquarters' tabulation, Lemon Grove has accumulated $2,078 of its $2,303 quota for 90.2 per cent of the total scheduled to be raised via the residential door-to-door drive.

Mrs. Frank Armstrong, Lemon Grove area chairman said that she had collected part of the remaining $225 needed to hit the Lemon Grove quota bullseye and has obtained but 28 per cent of it.

Total contributions in the county - wide residential campaign reached 42 per cent, or $132,729 of its goal. The overall United Fund campaign has raised $1,553,992 to date. This is 37 per cent of its $4,250,000 goal.

Mrs. Armstrong reported a list of 11 additional workers who have assisted the league leading team. They are: Mmes. Ray Boggs, Clara Folk, Elsie Foster, Kathryn Hoyle, Joseph Leone, Helen Perry, Kay Poschman, Clare Rider and Donna Vorhess, all from the Monterey Heights district. Mrs. Earlene Slaghill from Vista La Mesa, and Mrs. William Zilker from the San Miguel district are the other workers.

"UNITED FUND-A-MENTALS"

QUESTION: Will we be called upon to give again in a Red Cross drive next spring?

ANSWER: No. The Red Cross is one of nearly 100 health and welfare agencies in San Diego County that have agreed to abide by the new United Fund idea of just One Big Drive for One Big Gift.

"But we all have to get behind this drive and make it a success if this new givers' idea is going to stick," Rabbi Morton J. Cohn, campaign chairman said.

Rain Helped Little Says HID

The Helix Irrigation District's Board of Directors said that as of November 11 rains and water conservation had saved 1,940 acre ft. of water. This saving they said seems substantial, but the figures are misleading. For example, the latest release from the County Water Authority gives the Helix Irrigation District 9.45% of the water allocation, or 13,408.48 acre feet entitlement for the next calendar year. The District has already used 13,477 acre feet of water during the first ten months of 1957. The additional water needed to finish this year has to be drawn out of the District's emergency storage with the County Water Authority and El Capitan Reservoir.

So far the rains have cut down water use by eliminating the need for watering lawns and gardens, but have resulted in little run-off. Even though seven inches of rain have fallen at Cuyamaca since July there is only 1/100th of one acre foot in storage in Cuyamaca Reservoir—enough to fill an average-size swimming pool to a depth of one foot.

Stocks Are For Those Who Live Too Long, Says Men's Club Speaker

The Lemon Grove Men's Club heard a woman speaker Friday and most of the membership agreed the feminine gender speaks better than the male.

Speaker was Robley Baskerville, representative of Eastman, Dillon, Union Securities and Co., who told of the economic force the securities market brought on every person living in America.

Technilogical advance is coupled securely to the stock market so that every saving American can profit by its growth through purchase of stocks, she pointed out.

Of the stock market she said, "Stocks are the hedge against the decreasing value of money and the increasing cost of living . . . that persons past the middle age have seen their standard of living dwindle as their fixed income became less valuable."

Insurance is available for those who die too soon but we must look to stocks if we live too long she said.

Bill Paul, manager of the Grove U.S. National Bank was program chairman. Bill Parker presided.

Program this week will be on taxes. Willard Thompson, assistant chief appraiser for the County of San Diego will tell what happened to the county tax bills this year. He is re-evaluation chief for the assessor's office.

The club meets every Friday at noon and all men are invited.

Snow Melted!

Clear and sunny weather melted all but a few patches of the winter's first snow in the mountains east of Lemon Grove. A few patches remained at higher elevations of the Cuyamaca Mountain range at noon Wednesday.

A storm late last week dumped a white mantle on the Lagunas and Cuyamaca ranges and thousands of sightseers were attracted. No snow is foreseen for this week-end by area meteorologists.

Valley Girl In Freeway Accident

Nina Walton, 17 of 10471 Campo Rd., Spring Valley, is home recuperating from injuries received in an automobile accident which occured on the Alvarado Freeway and Waring Rd., in Mission Valley, on Sunday, November 10. She was a passenger in a 1949 Chevrolet convertible driven by Louis Bramante, 22, of Chula Vista, which was forced off the road and went down an eight foot embankment. The young people were taken to the U.S. Naval Hospital where Miss Walton was treated for a cut on the cheek and shock. Her left hand was injured and she is still unable to use her fingers.

Bramante sustained a broken rib.

She is the daughter of Augie Walton of Walton's TV Service in Casa de Oro, and a senior at Mount Miguel High School.

Young Bramante is the son of LCDR. A. S. Bramante, stationed at Brown Field.

Hit-Run Driver Gets 90 Days, 5 Years Probation

Gustav H. Felt of 3619 Niblick Drive, Brookside, who was charged with hit and run driving, involving injury to 17 year old Judy Myers, August 2, was given 90 days in jail and 5 years probation, by Judge John A. Hewicker last Wednesday. Felt's driver's license was also revoked for one year, he is not to visit any liquor establishments for the duration of the probation and he must pay $1200 toward the medical expenses of the Myers girl.

It was the opinion of Judge Hewicker that Felt was intoxicated at the time of the accident. Judy, the daughter of Mr. and Mrs. Roy Myers of 8863 Campo Road, was struck by Felt's car in front of her house after she had stepped back on the curb from the street, when she saw Felt's car coming. Felt sped away, witnesses said. He reported the accident to his insurance company soon afterward. His insurance company reported to the California Highway Patrol.

Miss Myers was in Grossmont Hospital for quite some time with a broken leg. She is still on crutches. Her mother said last week that it may be a year before Judy can walk. She added that there may be a permanent injury and possibly some bone grafting.

"There is nowhere a possibility of war breaking out. In Europe, Britain will not start a war, the French do not want it, the Germans cannot make it."

Local Clubs To Get Little League Report

Lemon Grove Little League has called a meeting to be held November 26 at the Grove Junior High School at 7:30 to announce a new ball park and a new recreation program.

Members of the 48 groups and clubs in Lemon Grove have been invited to send representatives.

Ursillo said that he would also report on the District meeting he attended last week. He said the meeting was attended by all league presidents in the county area. 750,000 boys now participate in Little League across the nation, he said. A Little League Foundation, headed by former president Herbert Hoover, is attempting to raise $1 million, the earnings from which will be used to pay transportation of winning teams to the L. L. World Series. More than one-third of the amount has already been acquired. The League will also provide scholarships as part of another venture, he said.

IT'S AN ILL WIND . . .

Hinton, Okla. — Three blocks of Main Street here were accidentally paved recently. A truck, loaded with 4,000 gallons of hot asphalt overturned in the business district. City officials promptly threw in some sand and spread the mixture evenly over the thoroughfare.

Holiday Program Set By Kiwanis

The Lemon Grove Kiwanis Club has set up its holiday programs it was announced this week by Dr. Si Brumbaugh, club president.

The club will be host to the Mt. Miguel choir at the December 18 meeting with Virgil Duea, vice principal of the school as program chairman.

The club's annual Christmas party will be held Tuesday, December 24 and each member will bring a child guest. Admission will be by the child giving a toy, the latter of which will go to the U.S. Marine Corps 1958 Toys for Tots project.

Arrangements are under way for a joint installation of Kiwanis and Kiwanniannes early next year.

Grove Shop Is German Toy Factory Outlet

Mrs. Harold Tomer, operator of Lemon Grove Toyland, 7771 Broadway, has returned from a toy and watch buying trip to Europe. While there Mrs. Tomer established direct factory connections at Nuremberg, Germany and with other manufacturers in France, Switzerland and Austria. Some of the merchandise she purchased has already arrived and is on display, she said.

She attended the World Industrial Fair at Bari, Italy and was a special guest on "U.S. Day."

She spent 8 days in Rome as guest of another Lemon Grove resident, Mrs. Skip Heidick, 2612 Nida Place. Mrs. Heidick was in Rome visiting her family.

Mrs. Tomer said that she is expecting another shipment of toy factory merchandise in two weeks.

Hospital Auxiliary Wants Blood Donors

Members of the Grossmont Hospital Women's Auxiliary are being asked by Mrs. J. Forster Couts, Philanthropic Fund chairman to donate blood to the Auxiliary's account at the San Diego Blood Bank.

The blood donated is to be used only in cases of genuine hardship and these are to be unanimously approved by Mrs. Cours committee first.

The committee includes. Mrs. Courts committee first.

lyon, hospital administrator, Mrs. Jens Hutchens, auxiliary president; and Mrs. Julia McKinney, social worker member at large.

The business expert is usually able to put most of his work on the office help.

SAFETY — Lemon Grove Jaycees have embarked on a safety program which combines cartoons and coloring. Youngsters at local schools are given dolls with an important traffic safety message drawn into each. Youngsters color the cartoons, expose themselves to the safety message.

In the above picture are Monterey Heights pupils Patricia Stanley, Rhoda Pedrini and Jerry Foster, seated; Johnny Burnworth standing. They are flanked by Jaycee member Jim Boyd and Ronald Cardinale. Not shown is L.G. Jaycee member Rollie Buchallew, operator of the North Park Shade Co., who put up the money for the project.

Six New Tribes For Cheyenne 'Indian' Nation

The Cheyenne Nation of "Y Indian Guides has organized six new tribes of "Indians" in the Spring Valley-Lemon Grove area.

This father-son program is sponsored by the YMCA of San Diego County. This brings the total number of tribes in the Cheyenne Nation to fourteen.

Ralph Meiers, Chief of the Nation, reports the names of the new tribes and their chiefs as follows:

Casa de Oro School, George Walsh, Chief of the Yuma tribe and Charles Murphy, chief of the Arapahoe tribe.

Spring Valley School, Owen Downing, Chief of the Ute tribe, and Loren Kibby, Chief of the Yaqui tribe.

San Miguel School, R. H. Lamar, Jr., Chief of the Nez Perce tribe.

Monterey Heights School, G. R. Ireland, Chief of Blackfeet tribe.

The first big fall event for all members of the Cheyenne Nation will be a big fishing derby at Lower Otay Lake on Saturday morning, November 23rd. According to Chief Meiers, a special prize will be given to the three boys catching the biggest fish.

A special induction is being planned by the Nation for all new tribe members on Sunday, December 1st at the Spring Valley Jr. High School Auditorium. The Shoshone tribe will serve as the inducting tribe.

Lutherans' Convention Slated For S.D.

Members of Lemon Grove Lutheran Church will join with members of all Southland Circuit churches of the California District of Evangelical Lutheran churches of America in their annual convention Sunday at Our Saviors Lutheran Church in San Diego.

Regular business meeting will begin at 3 p. m. with supper hour at 5. A choral rehearsal will start at 5:30 and showing of a movie "Harvest of Years" is at 6:15 and evening inspirational services will be held at 7.

Speaker will be Dr. W. Hellman, District president of the California District of the American Lutheran Church.

The Couple's Club will have a bowling party for their monthly meeting.

Two children were baptised Sunday. They are Kimberly Kay, daughter of Mr. and Mrs. Richard Anderson, 1111 Carr Street, and John Wayne, son of Mr. and Mrs. Walter Bracken.

L.G. Jr. Hi P.-T.A. Lists 751 Members

The Lemon Grove Jr. Hi. P-TA Executive Board met last week in the Home Economics room at the school.

Mrs. C. H. Morow, carnival dance chairman reported that the dance was successful and very well attended. Mrs. June Stanley, membership chairman reported that we are almost 100 percent with 751 members at the present time. Reports also were given by Mr. Hines, Safety, Mrs. Arthur Long, Magazines, Mrs. John Mallow, Legislation, and Mrs. Harold Perkins, Youth Center Representative.

Mrs. George Cremer, Grossmont Citizens Advisory Committee representative reported on the plans being investigated for the Jr. College proposed for this area.

Hostesses for the evening were Mrs. Charles McMahon and Mrs. G. A. Jader.

Third Polio Shot Readied For Area Residents

A large number of persons in the Heartland area are now ready for their third Salk vaccine inoculation against paralytic poliomyelitis.

"This means that all persons who received their second injection at a public immunization center at El Cajon High School or Meridian School in El Cajon, at Grossmont High School, Lakeside School, Helix High School or Lemon Grove Jr. High School are ready now for their third injection," said Dr. J. B. Askew, Director of the San Diego Department of Public Health.

Those persons should see their family doctor for the third injection.

The third inoculation of Salk vaccine is essential for the fullest protection against the crippling effects of poliomyelitis. The first injection is only 60 per cent effective and the second injection raises that effectiveness to about 85 per cent.

The local need for third inoculations is particularly great in the pre-school age group and among persons over 15 years of age. Only 14 per cent of youngsters under 5 years of age have had their third inoculation and in the age group over 15 third inoculations have been given to less than 3 per cent.

All persons under 40 years of age who have not yet received any Salk vaccine inoculations should arrange with their physician to begin the series of inoculations at the earliest possible date. "So far as paralytic poliomyelitis is concerned," Askew said, "this is the group of greatest risk.

Nurses' Classes Started At Edgemoor

Two new classes in Nurse's Aid Training have been started at Edgemoor Geriatric Hospital.

The daytime classes meet on Tuesday, Wednesday and Thursday from 8 a. m. to 1 p. m. The evening classes are meeting on two nights and one morning at 7 p. m.

The Nurse's Aid Training course qualifies the graduate for the County Civil Service examination for hospitals.

All persons interested are urged to register at the Grossmont Adult School office, or by calling HO 6-4155 ext. 21.

Even a new broom won't sweep clean unless somebody uses it.

More Than 100 4-H Awards

It was a happy busy group of 4-H'rs with their parents and guests who gathered in the Lemon Grove Junior High School on the night of November 2 for their annual potluck and awards.

A potluck supper with the 4-H'rs is something "out of this world." Plenty of food cooked just right. Too many good things to mention, topped off with delicious cakes and pies.

November is the month for 4-H achievement meetings throughout San Diego County. The meeting at the Lemon Grove Junior High School included clubs from Spring Valley, Lemon Grove and Dehesa.

Before the awards were presented an opening player was given by Sandy Shipe of the Lemon Grove group. The Flag salute was given by Steven Hasbrouck of Dehesa group. Andrew Kerr of the Spring Valley group gave the 4-H pledge. Mistress of Ceremony was Shelia Cosby of Lemon Grove.

Jack W. Koop, manager and vice-president of the Lemon Grove branch of the First National Trust and Savings Bank presented the achievement pins to the 4-H groups. The California Bankers Association provides the pins each year, state wide. There are some 32,000 members of 4-H in California and over 1,000 members in San Diego County.

Following are the awards:

Spring Valley, first year, Sandra Jean Benjamin, David Blankenship, Timothy Mathewson, Lynn Mustol, Melvin Eugene Olsen, Edwin Poffenberger and Charles H. Spalding III. Second year; James Essery, Susan Gardner, Roberta Ann Hadzima, Andrew William Kerr, Ann Mathewson and Christine Mathewson. Third year; Vicky Ashe.

Electricity awards, first year; David Blankenship and Edwin Poffenberger. National award for dairy went to Ann Mathewson. The Bronze Star went to Andrew Kerr and Ann Mathewson. The green Junior leader awards went to Andrew William Kerr and Ann Mathewson.

For two years; Mrs. Bert Cosby and Mr. Robert Knapp. For three years, Mrs. Robert Knapp.

David W. Hinshaw, farm labor advisor of the University of California spoke on "What Is 4-H Work?" He said that the work is a challenge to learn new and improved methods in the home economic and agricultural fields. He said ideas are of the greatest importance. He said that organization and direction of the 4-H program is under the University of California Extension Service and helps to bring more agricultural education to farm families. He praised the 4-H boys and girls as well as the adults in the work they have been doing. He concluded that cooperation is all important to successful 4-H work.

Mr. Robert McNulty, also a farm advisor, presented a movie the "4-H Trail" which gave a good account of the work, pleasure and results of the 4-H groups.

The evening was concluded with games and dancing.

A display of ribbons, trophies and hand made articles attracted considerable attention.

PTA—Mrs. Russell Scott, president of California Congress of Parents and Teachers, will be the speaker at the 9th District P-TA meeting to be held Monday, at 7:30 p.m. at Helix High School cafetorium. A film entitled "So This Is P.-T.A." will be presented and the voca and instrumental talent of Helix High School students will be given. The host councils will be Mt. Heix, El Capitan and Foothills. The newly organized units of Mt. Helix Council: Brier Patch and Palm Avenue will be presented to the district members. A reception for Mrs. Scott will follow this meeting.

Arrow Canvas Opens Shop

Arrow Canvas has opened a manufacturing plant in the Kobusch Building at North and Costa Bella Streets.

The firm will make and sell canvas items of all kinds including tents, trailer awnings, store and house awnings, chaise covers, chair pads and truck covers. Wholesale and retail accounts will be solicited, Jiggs Seay, the newly appointed manager said.

Seay, incidentally, is one of the area's early settlers having lived on Mt. Miguel near Bancroft Point for 33 years.

Vogues 'Take Trip' With Mrs. Codina

The Vogue Section of the Lemon Grove Woman's Club enjoyed slides of Portugal shown by Mr. Anthony Codina at their last meeting.

Mr. Codina of Lemon Grove is a native of Portugal and the slides were of a recent vacation spent there.

The evening was made even more interesting by souvenirs that Mr. Codina had brought back with him.

Hostesses for the evening were Mrs. M. M. Connolly, Mrs. John Gregory, and Mrs. J. A. Ross.

G.S. Troop 1137 Makes Edgemoor Trip

The "Shoreline Sharks" of Girl Scout Troop No. 1137 recently visited Edgemoor Farm where they visited with and gave gifts to the ladies living at the home.

This was part of the troops Community Project.

On November 24 members of the troop will start to sell hand made Christmas corsages to raise funds for the troops activities.

I. Phillips Frohman, Washington doctor:

"An age of 'atomic medicine' is fast approaching, as part of peacetime uses of atomic energy."

Most people who say they talk too much, talk too much.

Tax Bill Would Decrease Huge Federal Spending

For the first time in history, a tax reduction bill has been introduced in Congress which will compel big Federal spending to compete against regularly scheduled tax reductions. The idea of such tax cuts having precedence over the budget requirements of the Federal government is a novel approach and has intrigued millions of tax-squeezed Americans reports the Van Nuys (Calif.) NEWS.

On March 28, Congressman A. N. Sadlak of Connecticut introduced H. R. 6452 which calls for reductions, starting at the 20% leval, over a five year period and setting a maximum rate of 42% even at the top levels.

H. R. 6452, however, is not just concerned with the top income levels and top rates. It will bring the present rate for individuals from the present 20% down to 15% with further reductions in the middle income brackets, where 16,000,000 Americans find themselves today. Mr. Sadlak has spotlighted these examples of rate reduction: $4,000-$6,000 bracket from 26 to 17 percent; $8,000-$10,000 bracket from 24 to 19 percent; $12,000-14,000 from 48 to 21 percent; $16,000-$18,000 bracket from 50 to 23%; and $20,000-$22,000 bracket from 56 to 25 percent.

In stating why he believes rates should be reduced all along the line, and not just at the basic rate, Congressman Sadlek says, "I am convinced that achievement of a moderate schedule of income tax rates is necessary to the continued vitality and growth of our nation's economy, and to the maximum advances in the standard of living of all our citizens."

Economists, who have analyzed the entire program, have drawn the conclusion that the reductions called for can be made without loss of revenue to the government and within balanced budgets. Congressman Sadlak says, "These reductions can be granted to our citizen out of the increased revenues resulting from normal economic growth without increasing any other taxes . . . if government spending is brought under control."

Congressman Sadlak's proposal is based on the fact that the nation's economy now shows about $4 billion increase each year. This means $4 billion in new money available every year. To date, the administration has found ways of allocating this new revenue to foreign aid or to some new and usually needless domestic program. Sadlak proposes that the Government stop collecting all of this newly created wealth by gradually reducing personal and corporate income taxes over a five year period. Put simply, this means that instead of collecting $4 billion more in new revenue each year, the government would collect only $1 billion. Part of all of the billion dollars would certainly be earmarked for reduction of the National Debt, which, in turn would serve to create a reduction in the interest expenses the government now has.

Interestingly enough, Congressman Sadlak told the House that if his bill, H. R. 6452, were enacted this year it would affect revenue by only about $1 billion in fiscal 1958. The reason for this, he said, is that only one-half of the revenue effect of the personal cut and one of the corporate cut would be in the fiscal year, 1958.

In discussing scheduled tax cuts, the question always arises as to what happens if an emergency arises or if the nation's economy doen't grow in step with the average. Congressman Sadlak has taken all of this into consideration in preparing his bill.

His bill provides for a limited postponement of the tax reduction schedule. These legislative safeguards are in the form of procedures whereby the scheduled rate reductions could be spread out to a maximum of nine

(Continued on Page 7)

$11,000 Inter-Com Asked For Miguel

The Grossmont Union High School District governing board, last Monday evening heard a delegation from the Mt. Miguel High Music Parents, request installation of an intercom system at the school. The delegation presented a petition bearing 113 parents' names. Mrs. D. F. Ellis, president of the Music Parents, said an intercom was highly desirable and deserved high priority in equipment for a school without assembly facilities and with such a large campus as Mt. Miguel.

Estimated cost of intercom was placed at $11,000.

District Administrators presented a survey of intercom systems which showed that while teachers and administrators felt intercoms were desirable, they should be considered in relationship to cost and the need to provide other equipment. It was pointed out that San Diego Unified School District does not provide intercom systems and that the state school loan fund regulations penalize a district which purchases an intercom system and reduces the classrooms which can be built under the state program. The board decided to support the parents' request by directing the administration to actively work for a change in the state regulations.

The board also approved negotiations for a high school site in the eastern portion of El Cajon Valley and exercised an option on additions to the junior college site located at 4th and Madison Sts. in El Cajon Valley. The additions will bring the site to within 17 acres of the 100 acre minimum established by the state.

A proposal to lease school property for a landscaped miniature golf course which would not be open during school hours was deferred pending development of specific guarantees in the lease agreement. A report on teacher load extended day pay, was presented by William Ramsey, Grossmont District Teachers' Association president. The report, as approved by a majority of the faculty, proposed a formula to measure teacher load and payments of $200 a unit over the normal or average load. The proposal applied to teaching, as well as to supervisory, club and extra curricular duties.

The administration stated objections upon unequal distribution of teaching load and inability to estimate the cost of the proposed plan. The board requested the administration to prepare a cost analysis and other proposals for the December board meeting.

Also approved were preliminary plans for the high school offices, and auto shop buildings at Grossmont High School as approved at the October election. The high school office will provide adequate facilities for administration, attendance, counselling, work experience, nurse, parent and staff conferences. The estimated cost for both buildings ranges between $150,000 and $175,000.

The office building, to be located on the tennis courts south of the cafeteria, has incorporated suggestions made by the Grossmont staff and the best features of offices at the other three high schools.

The go ahead was given to addition of a Director of Personnel Services to the Grossmont District staff for the next school year. Salary range of $9,000 to $10,000 was indicated but not officially established.

S. A. BOUND — Mr. and Mrs. Lloyd J. Patterson and sons Peter and Torkel, formerly of Lemon Grove ars shown leaving for Sao Paulo, Brazil, aboard the luxury ship SS Del Sud. The Pattersons sailed October 24. Mr. Patterson will be employed by the Diversey Wilmington Corp. in Sao Paulo.

Mink Stoles To Be Market Prizes

For the third consecutive year, Rancho Market Baskets will hold their annual mink Stole Event at all 11 RMB stores. This is the event that broke all records for customer response the last two years.

The Ranch Mink Stoles, valued at $700 each, will be on display at the 111 Rancho Market Basket stores. These furs were purchased by special arrangement with Helka's Furs in San Diego. Each stole is made from whole (not split) matched skins. Each is fully let-out, and the skins are carefully matched for color and uniformity. They are finished with finest grade linings in the latest styles. To win a mink stole, entry blanks may be obtained at any of RMB's 11 stores. there is no obligation .. . nothing to buy.

Final date for entries will be 5:30 p. m., Saturday, December 21. Drawings will be held at each store by the manager, with one mink stole being given away at the 11 RMB stores. To win, it is not necessary to be present at the drawings. The winners of the 11 Ranch Mink stoles will be presented on a local television channel shortly after the close of the event.

Of Course

Experiments are being made in removing the print from newspapers and using the paper again. The salvaged ink, too, can be rearranged into different words. — Punch.

Qualifying Tests Set For Would-Be Judicial District Judges

County Clerk Robert B. James said this week that February 1, 1958, has been set as the date of the regular examination which the Judicial Council is required by law to conduct in order to qualify lay candidates for the office of judge of the justice court.

This examination will be given in every county having a justice court and in which applications to take such emamination have been filed. Announcements stating the scope of the examination will be posted at each county seat 30 days prior to February 1. The examination will be written and will cover the jurisdiction, practice and procedure of justice courts, as well as the duties and responsibilities of their judges. Application forms will be supplied to the County Clerk by the Judicial Council, and persons desiring to take the examination must file applications in the office of the County Clerk not less than ten days prior to the examination date.

A committee composed of R. B. James, County Clerk, a Superior Court Judge; and a member of the State Bar will administer the examination in each county under regulations prescribed by the Judicial Council.

James said that under the court reorganization effected several years ago, a candidate is not eligible for election or appointment to the office of judge of a justice court unless he is an attorney or has passed qualifying examination. Judges of the old system automatically succeeding to offices in new courts were automatically exempted from this this requirement. The examination is being given at this time in order to permit persons to qualify as candidates for the office of judge of the justice court at the June 1958 primary election.

Hopeful Homo Sapiens

The human being is an incurable optimist. He believes that he has a pretty good chance to win a lottery prize but that there is scarcely the slightest chance of his getting killed in a traffic accident. — The Jackson (Miss.) State Times.

Flattery is one way to pave the walkway of life, but it often costs more than it is worth.

"The New Children's Zoo" by Mrs. Cynthia Ketchum will be featured at the next meeting of the Bancroft P-TA to be held November 21 at 7:30.

• • •

Mr. and Mrs. Frank D. Dutton, celebrated their 50th wedding anniversary Oct. 3 by holding open house from 2-5 p. m. in their home at 10331 Don Pico Court, Spring Valley.

Married November 6, 1907 in Eskridge, Kansas, Mr. and Mrs. Dutton came to Spring Valley in 1948.

The couples five children Mrs. John Johnson of McFarland, Kansas, Mrs. S. D. Fisher of La Mesa, Mrs. A. L. Huddle and Arthur Dutton of Spring Valley and Lauren Dutton of Jamul.

They have 12 grand children and one great-grandchild.

• • •

Miss Carolyn Selzer and Dennis Scheidel were married October 5 at Our Lady of the Sacred Heart Church.

The bride is the daughter of Mr. and Mrs. Ralph Selzer of Spring Valley. The bridegroom is the son of Mrs. Anne Scheidel, and the late Mr. Scheidel, 4201 Juniper.

A reception was held at the home of the brides parents following a wedding trip to Northern California.

TOO EFFECTIVE

Charlotte, N. C. — An elderly woman went to the local Red Cross chapter office here and handed over a batch of unopened personal mail. Puzzled, the officer worker asked what she could do for the visitor. The visitor pointed to the cancellation stamp on each of the envelopes, which read: "Give to the Red Cross."

To be able to read is not the same as to know what to read.

$6 Million Improvement For Area Hospital

National City, (Spcl) — A six-million-dollar expansion and modernization program for Paradise Valley Sanitarium and Hispital, National City, were announced this week by M. V. Jacobson, administrator of the medical center.

Jacobson made the announcement following a day-long meeting of the hospital board Monday. The expansion program will be carried out during the next five years, with the first phase to be launched about May 1958. According to Jacobson, the major part of the first phase will be the construction of a new four-story hospital unit of 200-bed capacity, and will cost an estimated three to four million dollars to complete. Included in this new unit will be medical, maternity and pediatrics departments, five to seven surgical suites, plus other facilities.

In addition to the hospital there will be a psychiatric unit with 30 to 40 beds. Future plans also call for the construction of residences for young doctors taking internships at Paradise Valley Hospital, remodeling several major buildings and the doubling of the present water system. The hospital has its own water system obtained from wells on the property.

The six-million-dollar expansion program will be the first major building done at the 53-year-old institution since 1948, when the present hospital wing was completed. Present capacity of the hospital, established in 1904, is 157 patients.

Named to head the building committee was R. C. Baker, of Arlington, Calif., president of the Southeastern California Conference of the Seventh-day Adventist denomination, which operates the medical institution. Other members of the building committee include Jacobson; W. J. Blacker, of Los Angeles, secretary-treasurer of the Adventist Pacific Union Conference; W. E. Guthrie, Arlington, church administrator; Drs. L. W. Shelter, C. T. Smith and E. A. Wagner, all of National City.

A site plan study is now being made by the Jay Dewey Harnish, Eugene W. Fickes, Jr., architectural firm of Ontario, Calif., which will also prepare a master plan.

The hospital board will meet November 28 to study architectural plans and to organize the building program.

Some Charity Drives Phony Says BBB

San Diego, — A public warning against phony charity appeals was issued today by Cecil Candler, general manager of the San Diego Better Business Bureau.

"Some of these fake charity schemes, which gain momentum during the Holidays, are operated by house-to-house solicitors who claim they represent local organizations," Candler said. "Others use the mails to defraud on a national basis, taking advantage of the generosity of the American people."

This is one of the most heartless rackets the local Bureau has to fight, Candler pointed out. Some appeals are plain fakes, he said, while others mislead contributors by turning over only a small percentage of funds to the charity.

The public can avoid playing into the hands of such operators by contributing only to well-known charity drives, such as the United Fund and others whose records justify public support. Where the charity seems worthy, but is unknown to the individual, the Better Business Bureau, located in the Spreckels Building in downtown San Diego, should be consulted. Legitimate drives do not fear investigation, Candler said.

FREAK ACCIDENT

Denver, Colo. — Richard Perdham, 9, was critically injured when an electric fan blade broke and sailed across the living room of his home, cutting his throat. The boy lost seven pints of blood before he could be rushed to a hospital for treatment.

LACKS LICENSE 20 YEARS

Elizabeth, N. J. — Bernie Johnson, 37, stopped by police for a wrong turn on a highway, admitted to police that he had been driving for twenty years without ever having a driver's license. "No one ever stopped me," explained Johnson.

I. W. White Jr., Cleveland Negro leader advising Southern Negroes to stay in South:

"Industry does not hire "hands" alone anymore, but only skilled labor."

Wisdom consists in rising superior both to madness and to common sense, and in lending 2 Man-O-War, famous thoroughbred, who coming its dupe.

—Amiel

COLLEGE DISTRICT MEETING CALLED

(Continued)

or subject deficiencies which they must remove before transfer. California junior colleges each year aid tens of thousands of students to remove matriculation deficiencies and thus gain admission to four-year colleges. This "salvaging" operation is an important function of California junior colleges.

THE TERMINAL FUNCTION

Technical-vocational education is frequently regarded as synonymous with "terminal" education, and such it usually is. As an upward extension of secondary education in California, the junior colleges carry on an important terminal education program for many students who are not prepared for an occupation. This program might, for want of a better term, be designated as "Terminal-general-Education."

Junior colleges are facing, with varying success, the difficult task of developing useful and practical offerings that are suited to the needs of terminal students —offerings which are something more than "watered-down" versions of conventional transfer offerings.

THE TECHNICAL-VOCATIONAL FUNCTION

Technical and vocational education receives unique emphasis in California junior colleges for two reasons:

1. There is a strong trend toward the curtailment of vocational education in California high schools. Few strictly vocational high schools exist in the state, and in many comprehensive high schools, shop courses tend to be the industrial arts type.

2. The reluctance of industry to employ minors until they have reached their "twenties" has led some school systems to defer training for occupations to the post-high school level.

It is estimated that 36% of all students enrolled in junior colleges are to be found in business classes and 32% in industrial classes. The importance of the Technical-vocational function is well established by the fact that two-thirds of all students in junior colleges are enrolled in classes leading to employment.

THE COMMUNITY SERVICE FUNCTION

Since World War II California junior colleges have tended increasingly to think of themselves as community colleges, and have accepts the responsibility for providing offerings suited to meet the legitimate educational needs of all citizens within the community who are either high school graduates or over 18 years of age.

During the last 6 years enrollments in classes for adults have increased 98% in junior colleges. Enrollments in classes for adults have decreased 16.8% in high schools during this same period.

THE GUIDANCE FUNCTION

Although the guidance function is not exclusive possession of junior colleges, it is of central importance to them. The fact that junior colleges prepare students for transfer to hundreds of higher institutions, each with its peculiar admission and graduation requirements, gives emphasis to the need for guidance. As indicated earlier, many of its students face the problem of not only qualifying for junior standing, but must remove scholarship and subject deficiencies. To them guidance is indispensable. As in the case of other higher institutions, funds provided by the Veterans Administration after World War II laid the foundation for better staffing and financing of the guidance function. Guidance receives special emphasis in junior colleges.

LA PRESA WATER WORKS BOARD MEETINGS CHANGED

The meeting time for the La Presa County Water District has been changed from 7 p.m. to 7:30 p.m. on the third Monday of each month according to Fred J. Hansen, president.

Meetings are held at the office of the president at 8810A La Mesa Blvd., La Mesa, California.

First Meeting Set For New O.E.S. Officers

The new officers of San Miguel Chapter No. 579 Order Of The Eastern Star, will hold their first meeting November 27, at 8 p. m. at Friendship Hall, 3140 Main St. The Annual reports covering the past year of activity will be given by the officers. Worthy Matron, Mrs. James Yeo and Worthy preside.

LA MESA VFW BOOKS DANCE FOR SATURDAY

The La Mesa Post No. 8514, Veterans of Foreign Wars, is sponsoring a dance, open to the public, at the Legion Hall, 8118 University Ave. on Saturday. Junior Gantz and Orchestra will provide music for dancing from 9 p. m. until 1 a. m.

Dimmer View

(Continued)

put it, it's like expanding the walls of a movie theatre to include your living room.

People who generate poetry, or who become enthused by it usually come in clumps, like bananas. It was not surprising then that a couple of topical poems came in the same mail this week. One, satellite in nature, is from the Toronto Telegram and was sent in by Emil Hajek, 2368 Washington Street. It was written by Fred Zaplitny, member of parliament. It reads:

You Yankees with your rock and roll
Are living in a rutnick.
We may not have a Gallup poll
But, comrades, we have Mutnick.
You think our homes are thatched with straw
Our roads are like a bognick.
We beat you Yankees to the draw,
We're putting on the dognick.
You think the way Nikita raves
He's crazy as a loonick.
But while you talk of smoother shaves,
We'll beat you to the moonnick.
And when we get up to the moon
Before you're out of bednick,
We'll make you sing a different tune,
We'll paint the damn thing rednick.

The second is from the pen of A. R. Trimble, 2862 Spring Drive, Spring Valley. He writes:

THANKSGIVING

We used to call them pleasure cars
When autos were newfangled;
But now we thank our lucky stars
When we get home unmangled.

We announced that we were going to run the picture of a certain group recently and did all the necessary things we do to get this done. We scheduled it into the paper and proceeded to turn our attention to other items.

Came Thursday, the day the newspaper is circulated, and we got a telephone call from an irate woman. "You promised you would print the picture and it is disappointing that it was not used." she said.

"I thought it was in. We scheduled it for this week," I said with my mind racing back and forth trying to separate a couple hundred items scheduled variously for last week, this week and next week.

"You don't even know what you put in your own paper," she snapped.

" Let me look," I said with a feeling of despair.

"I have the paper in front of me and its not in," she said. It seemed that I had seen it when I got home from the shop late Wednesday night as I looked through the paper for the errors we frequently overlook during the workday.

"Look on page seven, at the top." I said when I returned to the phone. I could hear the rustle of paper, a long walt, and a loud gasp. There is was, right at the top of the page, too.

She tried to explain how a person can overlook a two-column picture but I told her I didn't see how they could.

You can imagine how aloof and superior I became for a few minutes. I still carried the great superiority of being right as we hung up.

Late that day a messenger brought a long stemmed red carnation. A card accompanying it carried an eloquent but succint plea. "Are we friends now?" it asked. The answer is yes. The flower, a thing of beauty, had become a symbol of the long jump all women take to conclusions. And conclusions as Anora now knows, are not synonymous with facts.

We learned about Lemon Grove-Spring Valley flies last week and we'll pass our newly gained knowledge on to you.

Flies, locally, have a reproduction cycle as short as 10 days. Cool, dry conditions can retard the cycle as much as four or five months. Dampness and warmth shorten the cycle.

The recent rains coupled with warm weather stirred up the fly reproduction cycle, hence we are plagued with flies unseasonally. In spring, as everyone knows, the warming sun on rain-damp breeding places pulls the trigger on the cycle, and out pop the flies.

For all this I have no less an authority than C. C. Maulding, Supervising Sanitarian for San Diego County Health Department. He was here last week when I complained about the current outbreak of flies.

Maulding said that many of us mistake fly attractants for fly breeding places. Covered garbage pails may attract flies but they don't breed there if the cans are emptied regularly and washed out after they are emptied. This breaks the cycle, he said.

Refuse dropped on the ground however, is a different matter. This provides a desirable spot for flies to nest and reproduce. They even burrow underground and await the warmth of spring.

There is no secret about breeding flies, he said. Anyone can do it. All you have to do is give them a happy home.

VLM Little League To Hold Bake Sale Day Before Thanksgiving

A busy program was approved by the Women's Auxiliary of the Vista La Mesa Little League at the November meeting.

Mrs. A. Squires was appointed chairman for the home made Bake Sale featuring Thanksgiving goodies, to be held at Food Fair on University Avenue the day before Thanksgiving. This unusual date was chosen to cater to working people who don't have time to make their own holiday desserts and breads.

Other money raising events scheduled are on enchilada dinner in February, a dance in May and a raffle in March.

The by-law committee presented a set of standing rules to be used in conjunction with the recently adopted League by-laws and they were adopted by the ladies. Mrs. John Mallow was appointed publicity chairman and as such will begin gathering information and soliciting advertisers for the season's printed program.

President Mrs. Al Keebler reported on the League board meeting held recently in the home of the League President, Mr. Tom LaNier, Four major league managers and coaches and several for the minor league have been signed up. These men will meet soon to draw up a schedule of try-outs, practices and League games for the season.

FIDOMINS

What FIDOMINS are:

FIDOMINS are an especially compounded food addative to supplement the diet of EVERY DOG.

Many years of painstaking research by the biochemical scientists at leading universities have established that much of the food of man and animals, now being produced from the farm fields of this country are deficient in the essential vitamins and minerals. Repeated cropping, year after year has exhausted these vital substances in the soil bank, thus the foods are deficient, and man an animal, eating of these foods become deficient to the same degree as the foods.

The Scientific problem was to find out what of these substances are lacking and in what manner they can be replaced in the diet.

Many thousands of hours of research and many thousands of tests on laboratory animals revealed the least amount of each of these many vital chemicals that is needed to maintain animal health.

Then many field trials in prominent kennels throughout the country, Kennels such as the Warick Poodle Kennels of Lemon Grove and other famous producing kennels, showed that the use of food addatives containing these life giving chemicals markedly raised the health levels of dogs on these kennels.

FIDOMINS now make available these same health substances to your dog in an easy, simple method.

Simply add the proper amount of FIDOMINS to your dog's meat or his favorite dog food once daily . . . then expect in two or three days, regular bowel movements, better appetite, followed by an improved coat of hair.

If after using only one bottle of FIDOMINS, marked improvement in your dog does not follow, see your Veterinary doctor.

"MY MASTER IS SMART . . .
HE GIVES ME FIDOMINS."
— SAYS THE FIDOMINS DOG

WHAT FIDOMINS ARE FOR

FIDOMINS FIGHTS INFECTION
Aids in proper assimilation of food. Increases appetite and General Well-Being.

ADDS PEP AND ENERGY
Makes your dog a far better companion and pet.

NO MORE WASTED FOODS
FIDOMINS Balances Your Dog's diet.

HASTENS CONVALESCENCE
from illnesses of various kinds.

FIDOMINS are especially needed by growing puppies during the growing period of their life.

FIDOMINS are beneficial under conditions of stress, such as shipping, change of climate, pregnancy and nursing.

GIVE YOUR DOG FIDOMINS EVERY DAY AND KEEP HIM IN THE BEST OF HEALTH WITH TERRAMYCIN

Tax Bill Would Decrease Huge Federal Spending

(Continued)

years without change in the basic law.

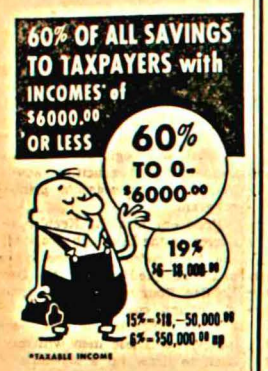

All tax reductions, unless postponed, would go into effect on January 1. The bill authorizes the President on November 15 of any year, if he feels there is reason, to order a six months postponement of the tax reduction. After such a postponement, Congress could before May 15 either order the reduction into effect on July 1 or postpone it further until the following January 1, by means of a joint resolution. If Congress fails to act, the president may allow the reductions to go into effect or further postpone them until January. When the tax reduction scheduled for any year is postponed, then all reductions scheduled for subsequent years must be deferred one year. No scheduled cut may be postponed more than one year, however, so the entire bill could conceivably take as long as nine years to take effect if all postponements are used.

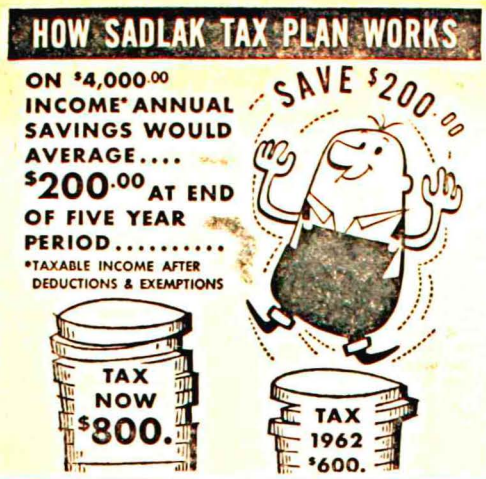

Congressman Sadlak point out that an individual who had $4,000 annual taxable income would, at the end of five years, be paying $200 less per year in taxes than he now pays. In fact, Sadlak proves that under his plan, 60% of all savings would fall on those taxpayers with annual incomes of $6,000 or less.

This bill is now in the House Ways and Means Committee, but is creating widespread interest throughout the nation. Thousands of letters are reaching the committee members and other Congressmen and Senators asking that open hearings be held on the bill. Hundreds of service clubs, Chambers of Commerce, and other organizations have adopted resolutions calling for open hearings. Perhaps if this interest continues, some tax action will result in relief for the weary taxpayer this year. In any event, letters and resolutions reaching Congressman Jere Cooper of Tennessee, chairman of the Ways and Means Committee, Congressmen Cecil King of California and Antoni N. Sadlak of Connecticut are being given full consideration and it is possible that the bill can be brought into open hearings, which may result in the introduction of a tax relief bill onto the floors of Congress that will provide such relief without resort to deficit financing.

Congressman Sadlak, in introducing his bill, said, "We cannot have both tax reduction and the spending. It is up to the taxpayer to make a choice."

Many believe that the nation's citizens will make that choice and will continue to insist that the government stop spending and start instituting some form of tax reduction.

WASHINGTON SUMMARY
by ED KOTERBA

BELT-TIGHTENING AHEAD

President Eisenhower's radio and TV talk on missiles has made it clear to many observers that the people in this land will have to tighten their belts from now on in order to help us regain the lead on Russia in science.

More billions than the White House dares discuss at this time will be needed for defense — at the cost of luxury Americans have grown accustomed to.

NIXON MOROSE

Vice President Richard Nixon is pictured as more morose over the recent major GOP defeats in New York, New Jersey and Virginia than Ike is . . .

The vice president fears that the Russian advancements in science have brought on the defeats and have done more than anything else to hurt the Republican cause — and consequently his chances for the White House.

As a result, Nixon is pressing irritably for the greatest drive on scientific research and development in our history.

JETS OBSOLETE

The future of jet planes — greatly improved models now on the drawing boards of aircraft firms — is bleak, as far as military value is concerned.

Aircraft officials, who were given the impression by the Pentagon earlier this year that this country will need military jets for five more years for defense, have been stymied by Russia's development of the intercontinental ballistics missile.

Top Pentagon officials concede what Nikita Khrushchev said several weeks ago is true: That jet bombers are all but obsolete.

ATOMIC PLANE

The proposed atomic plane, on which hundreds of millions of dollars has been spent the last three years, will be scrapped as the result of Russia's sputniks.

All the research, however, has not gone to waste, for many of the ideas can be incorporated into an atomic-driven missile.

The greatest problem had been: How to develop an atomic reactor on a plane and yet avoid the threat of radioactive danger to the passengers . . . With missiles — which carry no humans — this danger will not exist.

MEYNER VS. KENNEDY

The 1960 Democratic presidential nomination picture now shapes up this way:

A jockeying for position between Gov. Robert Meyner, freshly re-elected in New Jersey, and young John Kennedy, who is sure to be re-elected next year as senator from Massachusetts.

STASSEN AGAIN

Harold Stassen is determined to try a new stop-Nixon move in 1960, and then try for the presidential nomination governorship of Pennsylvania — or, more likely, he may first try for Ed Martin's Senate seat next year.

THAT NIXON DEAL

Despite the deal made by Vice President Nixon with Sen. William Knowland and Gov. Goodwin Knight, Knowland will still attempt to capture the Republican nomination for President. That's the consensus here, at any rate.

Nixon got Knight out of Knowland's hair by getting Knight to pull out of the California race for governor and take on, instead, the senatorship being vacated by Knowland.

It was presumed that Knowland, in return, had pledged he would not seek the presidential nomination in '60 . . . Nothing could be further from the truth.

BENSON'S FINAL FLING

The world junket for Ezra Benson is to be the "final fling" for the Agriculture Secretary . . . He is now definitely slated for another job.

Incidently, Benson pulled a fast one on reporters last month. He conceded that his two daughters would go on the trip with him . . . Then at the last minute, Mrs. Benson, too, slipped aboard the overseas-bound plane.

Well-Baby Conferences Now Twice-A-Month

Mrs. Robert C. Taylor, Well Baby Conference chairman, announces the Lemon Grove Child Health Conference, located at the Youth Center, 3146 School Lane is being held twice a month, the 1st and 3rd Thursdays from 1 to 2:30 p.m. Services are medical supervision of the well child from 6 weeks to 5 years of age. Also includes parent education in regard to proper nutrition, child growth and development, and the importance of immunizations. These services are available to families who are unable to obtain private medical care. This is a community activity sponsored by the Lemon Grove P-TA and conducted by the physicians and nurses of the San Diego Department of Health.

ED KRANCH OPENS BRANCH

Ed Kranch, a Lemon Grove resident for the past 10 years, and husband of the secretary of the Lemon Grove Chamber of Commerce, announced last week that he had begun his own business.

It is the E. C. Kranch business promotion and development company at 3150 El Cajon Blvd. Kranch said his firm would serve organizations who do not have the, time, know-how nor manpower to explore business expansion potentials of San Diegoland.

STATE INSURANCE FUND PAY $3/4 MILLION TAXES

A check for $746,720.59 has been sent to the State Treasury by the State Compensation Insurance Fund in payment of its 1956 annual premium tax, according to Mr. Earl R. Howard, general manager.

This is equal to 2.35% of the Fund's net premiums, the same annual tax rate applied to all insurance carriers in California.

Taxes paid the State Treasury by the Fund since it began operations on January 1, 1914 now total more than ten million dollars.

Reverend Anderson Given C d O Pulpit

Rev. Ernest M. Anderson, who has been serving as pastor of the First Baptist Church at Yucaipa, California, for the past eleven years, began his ministry in the Casa de Oro Baptist Church November 17.

Rev. Anderson has served for three years as chairman of the State Board of California Baptist Conference. At present he is serving on the long-range planning committee of the Baptist General Conference of America.

His schooling includes the Redlands University, the Eastern Seminary, the Dallas Theological Seminary and the Bethel Seminary of St. Paul, Minn., where he graduated in 1941.

Rev. and Mrs. Anderson and son Robert, age 13, are living in the parsonage at 3963 El Canto Drive.

MOUNT MIGUEL SPORTS BANQUET TO HONOR LETTERMEN

Mt. Miguel's first annual Fall Sports Banquet will be held on Monday, at 6:30 p. m. at the El Cajon High School Cafeteria.

Letters will be presented to the varsity, Junior Varsity, and and Freshmen Football and Cross Country award winners.

Coach Robert" The Bull" Trometter of the undefeated M. C. R. D. club will be guest speaker. Miguel's popular biology teacher, William Carden will act of Master of Ceremonies.

Tickets are $1.25 and may be purchased from Mrs. Hegenga, A. S. B. Bookkeeper and from the Lemon Grove Sporting Goods Store.

Those receiving Varsity Football letters are: Vern Booth, Dick Cook, Dave Goodwin, Ron Helsel, Jim Herrera, Dave Humphrey, Bob Lucas, Don Nelson, Bob Niebrugge, Jim Osborne, Darrell Rathje, Marvin Runge, Ken Smith, and Bob Bale, Rocky Barsotti, Dave Jenkins, P. Jernigan, Fred Johanson, Ray Kagar, J. Lipscomb, G. Mathews, Carl Schroeder, R. Spooner, Wayne Summers, Bob Wilson, Manager Bruce "The Press Box" Chassey, and Jerry Wingo.

FATHER, TWINS SHARE MUMPS

Conway, S. C.—Harry Jenkins arrived home and, as usual, kissed his sons, Barry and Larry, 4. Then the boys advised their daddy that the doctor had just left after telling the boys they both had the mumps. Now, daddy is at home with the boys—he has the mumps, also.

● BUY IT IN LEMON GROVE

Mrs. R. Sutton Named Hospital Auxiliary Head

Mrs. Robert Sutton of 3851 Massachusetts Lemon Grove recently appointed area chairman for the Grossmont Women's Auxiliary.

Mrs. Jens Hutchens, Auxiliary president, announced the appointment when it was found that Mrs. W. K. Phillips the former chairman would not be able to finish her second term in the office.

Too much time is wasted in trying to get something for nothing.

WHAT'S DOING

You know, that voice of yours really gets around by telephone. We can send it under the ground or through the air. And now—if you want to phone Hawaii—your voice will go under the ocean, too! The picture above shows a sample of the new telephone cable to Hawaii. Two ships worked all summer to lay 2400 miles of this cable on the ocean floor. So now, your long distance operator can dial calls direct to the Islands. And it makes no difference what the weather's like. Thanks to the cable, your calls go through fast and clear. Whether you phone Hawaii or the corner grocery, you can bank on good, fast service.

Lots of folks I know are prettying up their homes—and making things easier for themselves—by adding color telephones. When you put new phones in the rooms you use a lot, you'll wonder how you ever got along without them. Because you sure save a lot of time and steps. You can choose from *nine* beautiful colors, too. Why not give us a call here at your telephone business office? We'll be glad to talk it over with you.

Takes a lot of cable to keep up with the Lemon Grove telephone needs these days. This week and on through early next year we're putting in major cable jobs to nearly every part of the HOpkins prefix area. Most cable comes from the U.S. through Western Electric, the Bell System's manufacturing and supply unit. Some comes from Japan, Spain and Portugal. Wherever the cable comes from we think you'll enjoy some of the beautiful colored telephones mentioned above on your end of the line.

WHAT'S DOING AT MOUNT MIGUEL

By Mary Conlee

Autumn Amour, a dance in honor of the football team, is being held at Mt. Miguel High School November 23.

The dance is dressy dress and will take place in the school cafeteria. The physical education department teacher under the direction of Miss Sue Miller, physical education teacher, is sponsoring the dance. Fan and cape corp girls and members of the football team will decorate.

The Clef-tones will play and a cake walk will provide entertainment. Bids for $1.50 are being sold to Miguel students. All profits will go to buy a motion picture camera for the phisical education department.

BANQUET SET

The Mt. Miguel Fall Sports Banquet will be held on November 25 at the El Cajon High School Cafeteria. Dick Cook, Commissioner of Athletics, is in charge of the banquet. All football and cross-country awards will be presented.

All practice basket-ball games have been cancelled because the gym is incomplete. According to Mr. Craig Warmer, ASB advisor, they are trying to reschedule the games at the Crawford High School gym. The league games in January will continue as planned.

There are now 21 recognized clubs on campus at Miguel. They take in both interest and honorary clubs.

The Senior Y-Teens have been organized all year. Their officers are: Carol Willig, president, Judy Elliott, service vice president; Beth Potts, program vice president; Beverly Gayeski, secretary; Sandra Galbreath, treasurer; and Carol Rhodes, inter-club council. These girls staged an anti-liter campaign and painted the trash cans red with black M's. Any senior girl may join Y-Teens.

The Sophomore Y-Teens also have elected new officers. They are: Joan Kopsala, president, Sherry Andrews, vice president; Nancy Mc Caslin, secretary, Joyce Martin, treasurer, and Jo Ann Welty, inter-club council. These girls are planning a project for the World Festival, a YWCA program.

BAND COMPETES

The Mt. Miguel Band and Specialties will vie for honors at the Corona Band Jamboree on December 7.

Mt. Miguel, a first year band, won the right to compete by being judged one of the top ten high school bands in Southern California. Miguel was auditioned and accepted for the Jamboree with their pioneer show at the Grossmont-Miguel football game.

The Jamboree consists of the top ten bands giving a ten minute performance on the field. Mr. Lawrence Christianson, band director, feels this competition is a more accurate measurement of a band's ability than a two-minute judgement during a parade.

Seventy band members and fifty girls will participate.

The band will also take part in the All-Western Band Review at Long Beach on November 30. The band will compete against sixty other bands. Awards will be based on marching and musicianship.

Karen Mickelson, drum major, and Jeanette Lowe, band majorette, will compete for individual honors at Long Beach.

KEY CLUB

The Key Club, a boys organization sponsored by the Lemon Grove Kiwanis Club is being organized. Dave Humphrey, Key Club representative is sparking this movement.

There are also honorary clubs on campus like C. S. F. (California Scholarship Federation) and National Forensic League (speech club). Interest clubs like the Homemaking Club, Ping-Pong, or Chess Club are available too.

Square Dance News

MERRY WHIRLERS

"Pilgrims Progress" will be the theme of the Thanksgiving dance to be held by the Merry Whirlers on Saturday, at the Rolando School, 70th and Tower Sts., La Mesa, with that old turkey gobbler himself, Ron East, calling. This is party night and the Double M's have been issued an invitation to be guests. However, the welcome mat is always out for square dancers who wish to enjoy an evening of dancing.

A wonderful time was had when the Merry Whirlers hosted the Candlelighters recently. Other Clubs represented on the guest list were Circle Eight, Cloverleafs, Rainbow Squares, and the president of the Heartland Federation, Jack Ball and his wife, Evelyn Ball. Guest callers were Wayne Ivy, Al Schaeffer, Dell Lake, Chuch Reynolds, and Bill Schooler.

SQUARE EIGHTERS

Thanksgiving Turkey Trot will be the Square Eighters order of the day November 27 at 8 p. m. at the La Mesa American Legion Hall.

Pete and Helen Mighetto will call.

Square Eighters beginners class will be open for two more weeks at the Silverado Ballroom on Sundays 3 to 5 p. m.

CIRCLE EIGHT

The intermediate - advanced square dance class at the Uptown Hall in San Diego got off to a good start November 4. The class closed to new members the middle of the month.

Al Schaeffer was club caller when the Circle Eight met November 8 for their regular dance at the Spring Valley Chamber of Commerce Hall. Guest callers were Roy Close and Walt Ellis.

New members introduced were Bill and Bernice Jones, Vic and Lois Gabel, and Jim and Anita Hupp.

The guest list included Don and Donnie Nichols and the "Couple of the Month" Maribel Graves and George Gordon.

LEMON 8'rs

On Thanksgiving evening, when the groaning board has been emptied, the Lemon Eighters will provide the program for dancing that over-stuffed feeling way. Calling, rapid and rhythm by Stan Bryan, to the accompaniment of lively music by the H & H Tunetwisters will keep sidesitters few and far between.

Dancing for their first Party Night as full fledged Lemon Eighters will be the newly graduated Monday night class. So well attended was this class, the the laying of the concrete slab between the Congregational Church and Friendship Hall, that the Club decided to adopt Monday night as their permanent dance night. Beginning November 25, the club will dance on Monday nights. As part of the program for a bigger and better club, Stan will conduct a workship for the first hour of the first three dance nights of the month. The fourth Monday will be Party Night.

To go with the new plans, a set of officers was elected last Thursday evening. Preceding will be Butch Salcedo, vice president, Floyd Graf, Security, Donnie Nichols, and Treasurer, Don Cox.

COUNTRY COUSINS

The Country Cousins are having a turkey dinner-dance November 23 at the La Mesa Jr. High from 6:00-11:30.

Reservations can be made by calling Ruth Eppick at HO 6-1984.

FRONTIER SQUARES

The Frontier Squares are celebrating their second birthday, November 30 at 8 p. m. in the Lemon Grove Jr. High.

All are invited to come and help celebrate.

St. Philip's Gift Fair To Open Saturday

Members of St. Philips Church in Lemon Grove, are busily preparing the booths and displays for their Christmas Gift Fair, to be held Saturday at the church from 10 a. m. to 8 p. m. Many of the gifts and decorations are original and one of a kind.

There will be Christmas decorations for door, house and tree. There are tiny pinatas, wreaths, hand-made candles of a variety of design and price, and the very unusual and beautiful eggshell Christmas tree ornaments. Among the gift items are dolls and doll clothes, fruit baskets, garden lights, stuffed pillows and toys, aprons, ornamented dresser bottles, boxes and match boxes and many other items.

The women of the church are justly proud of their baked goods, which this year will include Fruit and cakes. A snack bar will be provided where delicious sandwiches, bakes beans, hot dogs, potatoe salad, pie, and cake will be served.

TV Winner To Be Named By Juniors Tuesday

Booths will be set up in Piggly Wiggly Friday and Saturday so that contributors to the Charity Fund of the Lemon Grove Junior Woman's Club may acquire television tickets.

The tickets will be used to designate the new owner of a new 14 inch Philco portable television set, a prize which will be given Tuesday at 9 p. m.

According to Mrs. Jack Skelley, chairman of the booth committee, will not be necessary for the winner to be present Tuesday. Max Goodwin, editor of the Lemon Grove Review will draw the lucky ticket (and his name is mud if he draws his own ticket).

Single contributions will be accepted in 50c units; three units being $1.

Mrs. Faye Gilchrist, Junior's president said that the club is also busily developing a choral group among the membership for Christmas season activities.

Matadors' Band In Busy Schedule

By Mrs. Jack Norr

When the Mt. Miguel Band Parents meet at the high school, Tuesday, at 7:30, interesting entertainment will be provided by the string group and the entire band, prior to the meeting.

The band will have an active and varied program for the next few weeks. They will march in the Mother Goose Parade on November 24. They will compete in the All-Western Band Review at Long Beach on November 30, with funds provided from the proceeds of the recent Fashion Musicale. There is still time to contact Mr. Christianson to make reservations to join the group of adults going by chartered bus to Long Beach.

December 7, the band will go to Corona, near Riverside, to participate in the show. The latter is unique, in that it is the only show in the country in which high school bands compete by putting on a "half-time" show, rather than just march. It is a distinct honor for a first year band to be invited. Funds to send the band to this event were raised through the recent showing of "The Robe", in which the community so helpfully aided.

You'll discover a whole new world in the 58 FORD

You'll discover . . . just as the whole world discovered . . . that Ford's dramatic new features for 58 make it the most exciting value ever offered the American car buyer. It's the fine car at half the fine-car price!

You'll ride in a new world of fashion with Ford's deep-sculptured styling. From new Honeycombed grille and Power-Flow hood to the new Slipstream roof and Sculptured rear deck, Ford's 58 styling is a standout!

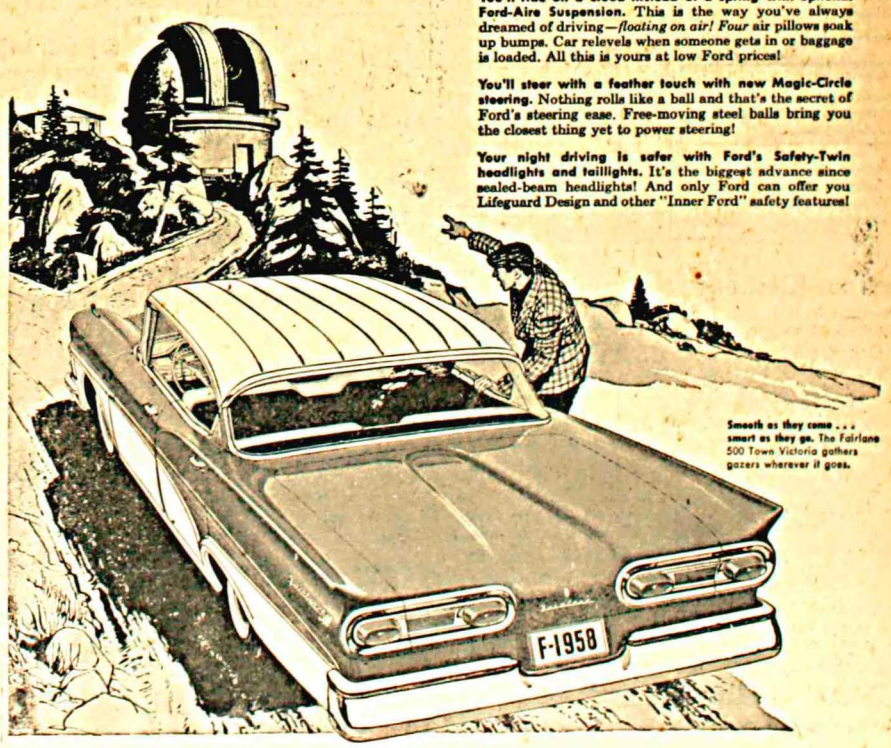

You'll be ahead with Ford's all-new Interceptor V-8 with Precision Fuel Induction. Gives up to 300 hp. *Smoother* power . . . *more* power . . . from *less* gas! The secret is Precision Fuel Induction, a great new fuel feeding system!

You'll get gas savings up to 15% with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position lets you move smoothly, automatically from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with optional Ford-Aire Suspension. This is the way you've always dreamed of driving—*floating on air! Four* air pillows soak up bumps. Car relevels when someone gets in or baggage is loaded. All this is yours at low Ford prices!

You'll steer with a feather touch with new Magic-Circle steering. Nothing rolls like a ball and that's the secret of Ford's steering ease. Free-moving steel balls bring you the closest thing yet to power steering!

Your night driving is safer with Ford's Safety-Twin headlights and taillights. It's the biggest advance since sealed-beam headlights! And only Ford can offer you Lifeguard Design and other "Inner Ford" safety features!

Smooth as they come . . . smart as they go. The Fairlane 500 Town Victoria gathers gazers wherever it goes.

Nothing newer in the world 58 FORD Proved and approved around the world

Admiral Hauser To Address Retired Officers

Rear Admiral Harold A. Hauser, USN retired, will address a special meeting of the San Diego Chapter of the Retired Officers Association on Friday, November 22, at 7 p.m. in the auditorium at the Naval Training Center, Gate 6, Rosecrans St.

Admiral Hauser's address will cover legislative matters of vital concern to all officers of the uniformed services, regular or reserve components, active or retired. Since retiring from the Navy in 1955 Admiral Hauser has served as legislative counsel at Washington headquarters of the Retired Officers Association, with a membership in excess of 28,000.

LCdr. Edward W. Mulford, USN retired, president of the San Diego Chapter extends a cordial invitation to active and retired officers and their wives to attend this special meeting, whether a member of the association, or not.

OLIVE BOARD NAMES THOMPSON AGENCY

SAN FRANCISCO, (Spcl.) — The Olive Advisory Board has appointed J. Walter Thompson Company as its advertising agency, Darryl Hutchins, manager of the board, announced here today. He reported that overall planning is already under way.

Charles Sheldon, Olive Advisory Board chairman, of Lindsay, California, presided at the session in which the appointment was made.

J. Walter Thompson Company handled advertising and promotion for the olive industry from 1950 to 1955 when the previous Olive Marketing Order ran out. Recently a new marketing order was created.

Education should be a lifelong process, brought to a halt only by death itself.

'Scribblers' To Read Original Fillers

Reading of original fillers will be the main order of business when the "Scribblers" meet November 25 at 8414 Lemon Ave., La Mesa. The meeting is called for 1:30 p.m. Luther Smith, president, will preside. Any writer or anyone interested in writing fiction or non-fiction is welcome.

Members of the "Scribblers" as well as other writers of the county and several of San Bernardino County met at Sandale, near Twenty-nine Palms October 25, 26, 27, for what is hoped to be the first annual writers conferences in that area, under the direction of Mrs. George (Edith) Boutwell, former adult education teacher of Grossmont Hi-School.

Twenty-five writers sat down at the table for their meals at the same time in the living room of the Boutwell home. Sleeping quarters were arranged for all. In fact 35 persons could have been accommodated.

On Sunday morning, under the leadership of Mr. Luther Smith, president of the Scribblers, a regular church service was held, with organ music.

Mt. Miguel Cafeteria To Open In Two Weeks

Mt. Miguel High School is slowly but surely being finished.

The cafeteria will be ready for use on December 2.

The north road and the parking lot in front of the school are being constructed and will be completed soon if rain does not hamper work.

Practically all of the heat and lights are in the classrooms and facilities at Mt. Miguel.

But the Gymnasium will not be completed until after Christmas vacation due to incomplete electrical installations, painting and floor finishing.

Musical Tea Planned By Concert Association

The Grossmont Community Concert Association will sponsor a Musical Tea at Hilltop Chateau, 6970 Central Avenue, Lemon Grove, Sunday, from 4 until 5 o'clock. The public is invited.

The program will consist of piano selections played by Vesta Jenks, violin numbers by Gordon Barr, and songs by Donna Westphalen and King Macgillivary. Accompanists will be Ramona Court and Vesta Jenks. These artists are all from this, and surrounding areas.

● BUY IT IN LEMON GROVE

Mt. Miguel Youths To Report On Governor's Safety Conference

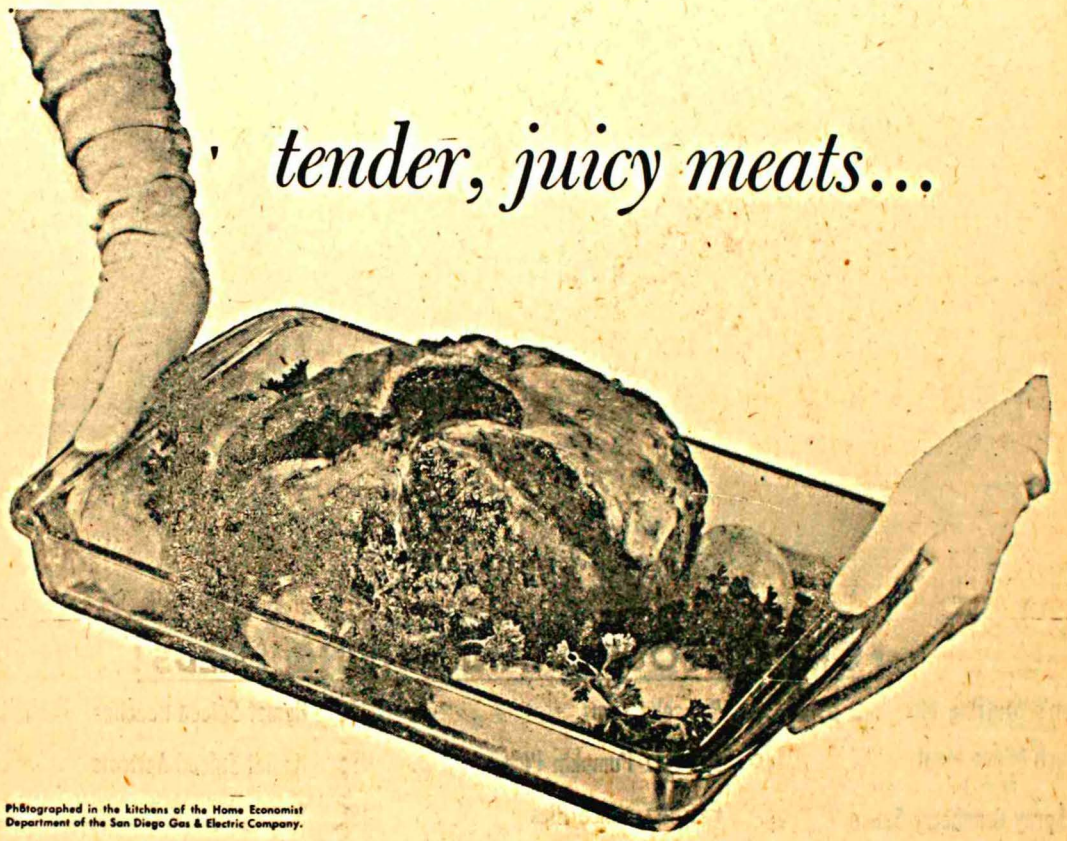

Mt. Miguel students, Steve Wahlen and Melvin Stover will be featured at the November 21 meeting of the Foothills Secondary Council CCPT. The students attended the 8th annual Governor's Traffic and Safety Conference. The C. C. P. T. made a donation along with other units to send the boys and their teacher Richard Ridgway to the conference.

New Toy

We read in the "Business Bulletin" column that a new toy cow moos and can actually be milked. Probably it's just a taxpayer. — Wall Street Journal.

tender, juicy meats...
Photographed in the kitchens of the Home Economist Department of the San Diego Gas & Electric Company.
one good reason to change to a
MODERN ELECTRIC RANGE
Yes, Ma'am — you can prepare tender, juicy meats *automatically* — when you cook *electrically!*
What's more —
ELECTRIC COOKING IS "WHITE GLOVE" CLEAN. And it's odorless, too. The range stays clean . . . walls and curtains stay clean . . pots and pans stay clean.
ELECTRIC COOKING IS FULLY *AUTOMATIC.* An electric range automatically provides exactly the right amount of heat . . . for precisely the right cooking time . . . *every time.*
ELECTRIC COOKING IS *COOL.* An electric range frees you from "hot stove slavery."
ELECTRIC COOKING IS *EASY* An electric range is so safe, simple and sure that even a child — or a husband — can cook with success.
ELECTRIC COOKING IS *ECONOMICAL.* A modern electric range helps to cut down on food waste . . . helps prevent costly cooking failures.
ELECTRIC COOKING IS *QUICK, CONVENIENT,* and *DEPENDABLE.*
See your dealer now. He has the electric range that's right for your kitchen . . . and the payment plan that's right for your budget.
LIVE BETTER ELECTRICALLY
COOK BETTER...LIVE BETTER...ELECTRICALLY!
Heat water the modern way—Electrically!
Modern electric water heaters are fast, safe, dependable. And you can install your electric water heater in any location that's convenient for you — because there's no need for exhaust or ventilation outlets!
For more information on electric cooking and water heating, call your nearest office of the San Diego Gas & Electric Company.
SAN DIEGO GAS & ELECTRIC COMPANY

OOO! We're having Food Basket Turkey this Thanksgiving. It's just the bestest ever!!!

Food Basket Turkeys are Better!

Every year, weeks before the Thanksgiving season, Food Basket's meat buyers begin the search to find the most wonderful turkey for the greatest feast of the year! Since there is such a great difference in turkeys, many factors must be considered. The newest in turkey achievements, latest breeding-feeding methods, tenderness and age, desirable weights, top quality . . . all must be carefully analyzed to determine the finest. Once the best turkey producer is determined, Food Basket goes even further . . and buys only the "cream of the crop." Food Basket's turkeys this year are simply magnificent! All from the fall crop, young and astonishingly broader breasted and rounder all over . . . with shorter legs, thicker thighs . . . loaded with the most tender, deliciously flavorful meat you ever tasted! These are truly worthy of gracing your holiday table . . . and well worth a special trip to your nearest Food Basket!
